## GIVE BACK, AND GIVE A DAY FOR HUNGER

As Spring Break approaches for our local schools, so does the thought of where a student's next meal will come from. School breaks can mean empty stomachs for the 1 in 4 children in our community who lack a reliable source of food when school meals aren't available. Thanks to a special partnership between United Way of Central Kentucky, Feeding America Kentucky's Heartland, and HealthSouth Lakeview Rehabilitation Hospital, the local community now has another opportunity to help these children get the nutrition they need. And because of donations made by generous community members through Give270 and

other funding sources, students on the Backpack Program in all five of the United Way of Central Kentucky counties (Breckenridge, Grayson, Hardin, Larue, and Meade Counties) will now benefit from Give A Day For Hunger and receive an extra bag of food for Spring Break! But we still need your help. United Way of Central Kentucky is recruiting community volunteers to help pack the bags of food that will be distributed through the Backpack Program. Volunteers are invited to join the Give A Day For Hunger event Monday, March 6th through Saturday, March 11th at Feeding America's Volunteer Center.
